

# Serving up the finest digital transformation benefits with SAP Business One®

## Before: Challenges and Opportunities

- Al Bashayer Meat needed to remove time-consuming manual processes.
- Forecasting and production planning relied upon data that was not always up to date.
- A new ERP solution was required that could deploy latest technological advances to manage purchase, finance, manufacturing and sales seamlessly.

## Why SAP Business One and Inflexion

- SAP Business One is one of the best cloud-based ERP solutions that covers core business processes.
- SAP products can easily support most third-party systems and can be easily configured to meet growing requirements.
- Inflexion is one of SAP's gold partners who demonstrated excellent understanding of Al Bashayer Meat's needs and offered invaluable project management.

## After: Value-Driven Results

- Since implementation, management now receive intelligent recommendations for purchase requests and production planning.
- Real-time data, reports and user-friendly dashboards allow decisions to be made quicker.
- Warehouse management has improved rapidly, speeding up inventory transfers and bin location management.
- The live animal production team can use SAP to accurately track treatments and feeding costs.

“I believe with SAP Business One and Inflexion, we are moving on a digital transformation journey and together we will drive future growth and innovation.”
